Teaching, Learning and Support

How will you teach and support my child or young person with SEND? (*IRR*)

- The school teaches pupils with SEND in accordance with the Cheshire East area wide offer (see CE website)
- We are an inclusive school and aim to provide a learning environment which will meet a wide range of different needs.
- In the school we have a wide range of expertise and skills, which support the teaching, learning and support for pupils with SEND across the school day.
- We adapt learning across the curriculum to meet individual needs. Sometimes a pupil will need a very personalised approach to learning across the school day; other pupils will need learning differentiated to meet their particular needs whilst still providing challenge.
- Planning for SEND pupils is done by the individual class teachers and includes quality first teaching.
- Parents are invited to meet with the class teacher and SENCO three times a year to discuss provision and impact.
- Additional adults or key people are used flexibly across the school and may be in a class to support an individual or groups of pupils, or may be supporting pupils during playtimes and lunchtimes. Our aim is to develop the pupil's independence across all areas of learning and the school day.

How will the curriculum and learning environment be matched to my child or young person's needs? (*IRR*)

- As an inclusive school we all work within the school curriculum and we adapt the learning environment to ensure all pupils can access their learning at an appropriate level. This may mean that learning and the school environment is differentiated or personalised to meet specific needs and/or it may mean that specialist equipment or adaptations are put in place, or that the learning is differentiated to account for individual specific needs.
- We seek professional advice from other agencies, such as the Cheshire East Autism Team, to help us match the curriculum and learning environment to a pupil's needs.

How are the setting, school, or college's resources allocated and matched to children or young people's needs?

- The Principal decides on the budget for special educational needs in consultation with the school governors.
- The Principal and the SENCO regularly review the special educational needs across the school and make changes if they are needed.
- Resources for pupils with special needs are, as far as possible, met from the school budget.
- The resources are allocated on a needs basis. Resources may be specialist equipment, additional adult support or outside agency support.
- Some pupils' needs may be very complex and they may need a key person at times across the school day.
- The Principal and SENCO strategically manage the SEND budget. The budget and its allocation is regularly reviewed over the year to meet any changes in pupils' needs or resources available.

Teaching, Learning and Support

- Where a pupil's needs are more complex and it is felt that additional funding is needed to meet his or her needs this will be discussed with parents at the regular review meetings and consideration will be given to making an application for an Education Health and Care plan needs assessment. If parents agree then the school will work in partnership with parents to apply to the local authority for extra funding.

How is the decision made about what type and how much support my child or young person will receive? Who will make the decision and on what basis? *(IRR)*

- When a pupil is first identified as requiring significant additional support, parents will be invited to meet with the class teacher and SENCO.
- During the meeting the desired outcomes for the pupil will be discussed and how these will be achieved will be agreed.
- These will be shared with the pupil and his or her views will be included in the decision.
- The school has a wide range of expertise and understanding about the type of support a pupil may need; if there is any difference of opinion about the support a pupil needs to achieve the agreed outcomes then outside expert help will be sought to support the decision.
- All resources, training and support are reviewed regularly and changes made as needed.

How will equipment and facilities to support children and young people with SEND be secured? *(IRR)*

- If any specialist equipment or facilities are required then, where possible, this will be met from within the school budget, for example a writing slope and scribes for exams.
- Where specialist equipment or facilities are required that the school does not already have, then the school will review the equipment or facilities needed with the parent, pupil and any specialist agency, such as a teacher of the deaf or occupational therapist. This may then be met by the school budget or may form part of the provision within Health Care and Education Plan. For example specialist hearing aids for a deaf pupil.

How will you and I know how my child or young person is doing and how will you help me to support their learning? *(IRR)*

- Your child's progress is continually monitored by the class teacher and it is formally reviewed by the Principal and SENCO three times a year.
- The SENCO continually monitors the progress and support for pupils with special needs and if she is concerned about any aspect of your child's progress, she will contact you to discuss it.
- There are assessments which are statutory and you will receive these at the required time for example: Early Years Foundation Stage (EYFS)

Teaching, Learning and Support

baseline, statutory assessment results.

- Pupils with SEND will have 3 Parents evenings each year, linked to the school cycle of parents' evenings. They will be invited to meet the class teacher and SENCO to review progress and plan next steps.
- Pupils with a statement or an Education Health and Care plan will have a formal Annual Review each year.
- If you are worried or have any concerns between meetings, then you are encouraged to speak to the class teacher or make an appointment to speak to the SENCO.
- If the teacher or SENCO has any concerns or worries during the year then they will contact you either by phone call or in person.
- Some pupils and their parents benefit at times from a home school contact book.
- When a pupil first comes to school or has perhaps had a challenging time, individual daily face-to-face feedback may be needed for a short time.
- All pupils receive an Annual Report in the summer term.
- We have class dojo.

How does the setting, school or college consult with and involve children and young people with SEND in planning and reviewing their education? *(IRR)*

- We encourage the active participation of pupils in all aspects of their learning.
- We have a Pupil voice (School Council) which meets regularly.
- Through our marking policy we identify areas of progress and areas that need further development. The pupils are given time to read and respond to the comments.
- Across the year we talk individually to all pupils about their learning and plan next steps with them.
- For the Annual Review process the pupil's ideas and thoughts about the year are reported. The pupil is invited to share in part of the review meeting in some cases.
- We ask pupils about their learning and how they learn best, which is often key to reaching the learning outcomes that have been agreed.

How does the setting/school/college assess and evaluate the effectiveness and sufficiency of its arrangements and provision for children and young people with SEND? *(IRR)*

- The Principal and SENCO review the provision and effectiveness for SEND on a regular basis and adapt the provision as required.
- We plan the support for pupils with an EHCP through a Provision Map which is costed.
- The successes of any intervention or support programmes are monitored closely, to ensure that they are both effective and good value for money.
- The SEN Governor maintains an overview of the schools provision through meetings with the SENCO.

Keeping Students Safe and Supporting Their Wellbeing

How do you ensure that my child or young person stays safe outside of the classroom?

- We follow the school's safeguarding policy
- We aim to include all pupils in all aspects of the school day and the curriculum. Some pupils need a more personalised approach and need extra support at different times of the day. To ensure they stay safe and support their well being we may, for example, at playtimes provide an

alternative quiet space to the playground.

- Some pupils will have more complex difficulties or medical needs and may need a named key person outside the classroom, this may include a personalised meet and greet session each day and a debrief at the end of the day.
- We carry out risk assessments for all off site activities and residential visits. If we feel a pupil needs extra support to ensure his or her safety and well being, we will carry out an individual risk assessment, which we will share and discuss with parents. This may then mean, for example, an extra named person is included on the trip.
- There is always a first aider included as part of the staff team for all off site activities.

What pastoral support is available to support my child or young person's overall well-being?

- Our school is a nurturing school and all staff are part of the pastoral support system.
- We understand that pupils with SEND can face many challenges which may impact on their overall well-being and they may need extra pastoral support. After discussion with the pupil and parents we may name a key person to add an extra point of contact and individual support.
- Developing friendships can be challenging and to support this we offer a range of different social skills activities, which are often personalised to meet individual needs.
- We are mindful that it can be challenging for brothers and sisters of pupils with a special need and where needed will give opportunities for them to have a 'time to talk' with a key adult and be sensitive to their needs as well.
- We do not tolerate bullying in our school and we follow our policy.

How will the setting, school or college manage my child or young person's medicine or personal care needs?

- The school has an administration of medicines policy which can be accessed on the school website .
- If medication is prescribed by the Doctor, a request form must be filled in at reception and a member of staff will administer the medicine.
- We can refer to School Nursing Team and if medication needs to be taken over time in school, then after discussion with the school nurse, parents and staff a plan is agreed and put in place.
- We would seek extra training needed to address any other specific needs that a pupil may have.
- We have staff updates on any medical conditions affecting individual pupils so that all staff are aware of their particular needs.
- If a pupil needs any personal care, then a Personal Care Plan will be developed with the support of parents and medical professionals, such as the continence service. Where possible the pupil's views will also be shared.
- We review all personal hygiene plans to ensure we respect a pupil's privacy and dignity.
- We would ask parents to inform school if a pupil has time off for medical appointments and we will record this absence as 'medical'.

Keeping Students Safe and Supporting Their Wellbeing

- We have trained First Aiders. There is list posted of First Aiders available at the school.
- There is always a first aider included as part of the staff team for all off site activities.

What support is available to assist with my child or young person's emotional and social development? *(IRR)*

- Our school ethos is to nurture all pupils.
- We have a learning mentor and a nurture group.
- We have a PSHCE curriculum.
- The class teacher has overall responsibility for the pupils in their class; sometimes a pupil with special needs may need extra support and a key person or mentor may be chosen to fulfil this role.
- The Nantwich Education Partnership Family support worker is offered and signposted to families and pupils and will work at home and at school to support a pupil's social and emotional wellbeing.
<http://nantwicheducationpartnership.wordpress.com>
- We seek advice from other agencies such as Child and Adolescent mental Health Services (CAMHS) and Cheshire East Autism Team.
- Where a child needs extra help developing their emotional and social skills we may put in support such as: social skills group, reflection time, quiet time, daily meet and greet, personalised learning.

What support is there for behaviour, avoiding exclusions and increasing attendance?

- We have a positive approach to supporting and developing good behaviour.
- Our Behaviour Policy can be found on our website.
- We recognise that challenging behaviour is not a special educational need, but we also recognise that some SEN pupils' behaviour may need extra support and understanding. Parents are involved in identifying and discussing specific issues and an individual behaviour plan is written to identify support and set targets.
- If there is a risk of exclusion, parents are fully included in all aspects of the process and outside agencies will be contacted for advice .
- Attendance is monitored daily. Where a pupil with special education needs has poor attendance we would seek to discuss this with the parent and where possible, seek advice from the Education Welfare Officer .
- Weekly attendance assemblies reward children with good attendance.

Inclusion & Accessibility

How will my child or young person be included in activities outside the classroom, including trips? (*IRR*)

- On admission, all information from previous settings/medical notes will be taken into account and the Academy will make reasonable adjustments to ensure that children with SEND are able to access all the facilities.
- We aim to include all pupils in all aspects of the school inside and outside the classroom.
- Some pupils need a more personalised approach and need extra support for different activities outside the classroom.
- We carry out risk assessments for all off site activities and residential visits, to ensure that everybody's health and safety will not be compromised.
- If we feel a pupil needs extra support to ensure his or her safety and well being, we will carry out an individual risk assessment, which we will share and discuss with parents. This may then mean, for example, an extra named person is included on the trip or a more personalised approach to the activity or trip.
- If in the unlikely event that it is considered unsafe for a pupil to take part in an activity in school or out of school then we will organise alternative activities for the pupil.
- All teachers provide differentiated planning to meet the needs of all pupils in their classrooms for all areas of the curriculum including extracurricular clubs, outdoor learning and visits.
- All Curriculum Leads ensure policy covers equal access.
- Each class has a dedicated TA to support the needs of pupils – either with 1:1 work or group interventions. Classrooms are planned in accordance with pupil need.
- Use of school facilities outside the designated classroom to support pupils with special educational needs/disabilities – i.e. separate intervention areas.
- Provision of resources to support pupils with access to the curriculum – e.g. delivery of written information, visual aids/ audio/ hearing equipment where appropriate. Access to digital technology made available to all pupils.
- Support is provided for visits outside the classroom/ administration of medicines/ medical procedures.
- External access to premises for all pupils/ parents and visitors is provided via a number of locations around school that are suitable for all including those with special educational needs/ disabilities.
- Disabled toilet is provided within school and available at all times.
- Individual PEEP plans produced for individual children with specific support needs in the event of an evacuation. These are reviewed annually and as required when new pupils join the school.
